SUBJECT: New DDA Level MBO - Update of Headquarters Handbooks

1. We have been tasked, as a follow-on to the updating of the Headquarters Regulations and as a DDA level objective, with updating all of the Headquarters Handbooks by the end of FY 1978. Some of the Handbooks are already in the process of being reissued, so nothing needs to be done in those instances. In pursuance of this objective please have your Division Chiefs review the Handbooks as indicated below and forward their comments and changes (a marked-up copy of the old Handbook may be sufficient) to the Review Staff by 31 December 1977:
